

Past Performance

This document provides you with information on past performance.

Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future. It can help you to assess how the fund has been managed in the past and compare it to its benchmark.

Past Performance

This chart shows the fund's performance as the percentage loss or gain per year over the last 8 years against its benchmark.

You should be aware that past performance is not a guide to future performance.
Share/unit class launch date: 2015-11-16
Performance is calculated in USD
The chart shows how much the Fund increased or decreased in value as a percentage in each year, net of charges (excluding entry charge), and net of tax.
* Index - Weighted benchmark - see Key Information
As of 2021 the fund's benchmark changed. Hence, returns prior to this year are not comparable with the current benchmark return.
