Brown Advisory Global Leaders Sustainable Fund Sterling C Enhanced Inc H

ISIN: IE00BKS7KT13

Global Leaders Sustainable Fund (“the **Fund**”) is an actively managed sub-fund of Brown Advisory Funds plc (“the **Company**”). The Company is managed by Brown Advisory (Ireland) Limited (“the **Manager**”), part of the Brown Advisory group of companies.

Objectives and Investment Policy

Investment Objective

The objective of the Fund is to achieve capital appreciation by investing primarily in global equities.

Investment Policy

Under normal circumstances, the Fund aims to achieve its investment objective by investing at least 80% of its net assets in global equity securities. The Fund also will, under normal market conditions: (1) invest at least 40% of its net assets outside the United States (including Emerging Market Countries) which may be reduced to 30% if market conditions are not favourable, and (2) hold securities of issuers located in at least three countries. The Fund determines whether a company is considered to be located outside the United States by considering whether: (i) it is organised under the laws of, or maintains its principal office in, a country located outside the United States; (ii) its securities are principally traded on trading markets in countries located outside the United States; (iii) it derives at least 50% of its total revenue or profits from either goods produced or services performed or sales made in countries located outside the United States; or (iv) it has at least 50% of its assets in countries located outside the United States. The Fund integrates socially responsible investment screens and risk-based analysis into the portfolio construction process.

The equity securities in which the Fund may invest include common stock, preferred stock, American Depositary Receipts (ADRs) and Global Depositary Receipts (GDRs) and the Fund may also invest in CIS (including, exchange traded funds (ETFs)) subject to the limits set out in the Prospectus. The equity securities in which the Fund may invest will be issued by mid- and large-capitalisation companies generally with market capitalizations above \$2 billion at the time of purchase that the Fund’s Sub-Investment Manager believes have strong, or improving, long-term business characteristics and share prices that do not reflect these favourable fundamental attributes.

The Sub-Investment Manager has determined that the Fund is an Article 8 financial product for the purposes of Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial services sector (SFDR).

In addition, the equity securities in which the Fund may invest will include the equity securities of companies that the Sub-Investment Manager believes are leaders

within their industry or country as demonstrated by an ability to deliver high relative return on invested capital over time. This typically can be attributable to, among other things, a strong competitive position and a defensible barrier to entry (such as high start-up costs or other obstacles that prevent competitors from easily entering an industry).

This class utilises forward foreign exchange contracts (an obligation to purchase or sell a foreign currency at a specific date and exchange rate) to hedge currency risk between the share class currency and the US dollar.

The Fund may invest in participatory notes (“P-Notes”) in order to gain exposure to securities and markets in India which may not be efficiently accessed through direct investment. The Fund may also use forward foreign exchange contracts to hedge currency foreign exchange risks arising from Hedged Share Classes. In addition, the Fund may also invest in US treasury bills, fixed and/or floating rate US government securities, subject to the limits set out in the Prospectus.

Benchmark

The Fund uses the MSCI ACWI Net Total Return USD Index as a Comparator Benchmark to compare performance. The Fund is actively managed and is not constrained by any benchmark.

Dealing Frequency

Investors may redeem shares on demand on any day (except Saturday or Sunday) on which the New York Stock Exchange is open.
